

DNMT3B TRANSGENIC MICE

O'Keefe, Regis

Gill, John

T-018661

Description: Dnmt3b transgenic mouse contains a full-length Flag-tagged murine Dnmt3b cDNA which is under the control of a rtTA promoter. The Dnmt3b transgenic mouse will provide both cell specific and temporal regulation for Dnmt3b over-expression upon recombination with addition of doxycycline (DOX).
