

PRRLSINPGK-GFPPPT AND FCIV PLASMIDS

<u>Li, Mingjie</u>

<u>Hardin, Clyde "Frank"</u>

T-019021

pRRLsinPGK-GFPppt: Plasmid DNA directing expression of green fluorescent protein in a lentiviral shuttle vector under the control of the phosphoglycerate kinase (PGK) promoter. FCIV: Plasmid DNA directing expression of Venus (a fluorescent protein) in a lentiviral shuttle vector under the control of the ubiquitin C promoter.
